Academic Skills

Technical Skills:

Using technology in designing and implementing educational programs (Google Slides Templates, SlideShare, Canva)

Proficiency in using Microsoft Office tools

Thesis Supervision:

Guiding and supervising students in writing theses and academic research

Lifelong Learning:

Commitment to developing educational and research skills through trainings, workshops, and conferences

Effective Communication:

Engaging effectively with students, colleagues, and faculty members

Delivering lectures clearly and attractively, sharing ideas efficiently, with proficiency in Arabic and English

Teaching and Academic Guidance:

Designing and delivering specialized course materials according to academic level requirements

Guiding students in research projects and academic theses

Scientific Research:

Conducting research in the field of specialization and publishing in peer-reviewed journals

Student Engagement:

Encouraging active participation and constructive interaction in classrooms

Understanding students' needs and challenges and providing effective support
