SKILLS

- Spatial Planning
- Visual Design
- Effective Communication
- Technical Drawing
- Autodesk AutoCAD
- Autodesk 3ds Max, V ray
- Creative design
- Innovative Ability to work under pressure and keeping team work spirit.

Languages

Arabic - Native
English - Advanced

CONTINUED PROFESSIONAL ACTIVITIES

Lecturer – Architectural Rendering & Model Making

Ajloun National University ANU – Jordan

First Semester 2025–2026

Delivered undergraduate lectures in architectural rendering techniques and physical model construction.

Developed course materials, project briefs, and assessment criteria.

Supervised student studio work and provided structured critiques.

Guided students in digital visualization using AutoCAD, 3ds Max, and Adobe software.

Evaluated midterm and final design projects.

Teaching Assistant (Volunteer)

University for the Creative Arts (UCA), UK

2023 – 2024

Assisted in studio-based teaching and design critiques for Interior Design students.

Provided academic support in concept development and spatial research.

Supported workshops in technical drawing, rendering, and presentation skills.

Facilitated peer learning and group discussions.

Professional Experience

Interior Design Trainee

Everett Designs

2021 – 2022

Assisted in residential and commercial interior design projects.

Produced 3D models, renderings, and technical drawings.

Participated in concept development and material research.

Supported projects across RIBA design stages.

PUBLICATIONS

- Razan Arab 2026 The Influence of Biophilic Design on Wellbeing within Interior Spaces of Mental Health Clinics in the UK- Under publication
